Wage index values below 0.8 are adjusted to be the greater of a 15 percent increase, subject to a maximum wage index value of 0.8, or an adjustment by multiplying the hospice wage index value for a given area by the budget neutrality adjustment. All of these adjustments have been completed and are built into the wage index values reflected in this table.

Wage index values greater than 0.8 are subject to a budget neutrality adjustment of 1.065425. Wage index values below 0.8 are adjusted to be the greater of a 15 percent increase, subject to a maximum wage index value of 0.8, or an adjustment by multiplying the hospice wage index value for a given area by the budget neutrality adjustment. All of these adjustments have been completed and are built into the wage index values reflected in this table.
